## EXPERIENCE

### **Wabi Sabi, 143 SW Century Dr, Bend, OR 97702** **Clerk and Pokemon Activity Leader**

Spring 2017 - Spring 2020

My work at Wabi Sabi involves being a clerk and helping customers with common questions, an employee who orders, restocks, and counts money for the store, and an Activity Leader who works with parents and kids, showing them the basics of a popular Pokemon card game.

### **Redmond School District, 145 SE Salmon Dr, Redmond, OR 97756** **IT Intern**

June 2019 - September 2019

Over the summer I was asked to work as an IT intern for the school district. We set up computer labs, worked on networking, reboot systems and uploaded computers to the district mainframe. I worked in a team of four to complete tasks that were assigned to us. We had to troubleshoot many situations dealing with the computers we worked with.

## EDUCATION

### **Ridgeview Highschool, 4555 SW Elkhorn Ave, Redmond, OR 97756** **Senior High Schooler**

September 2019 - April 2020

During high school I made it my quest to be a leader and start clubs focused on nerdier subjects but also to challenge myself by taking AP courses. I was selected to be choir's bass section leader, a varsity tennis player, and a dungeon master for D&D's club. I have started a club where students come to play Super Smash Bros Ultimate and it has grown quite the popularity.
